

# BERLINER

ARCHITECTS

Tony is a Senior Project Manager with over 25 years of total experience and 15 years as a project manager. Tony has worked on K-12 education, healthcare, and commercial projects throughout his career. Tony has extensive experience designing STEAM labs, learning communities, maker spaces, and environmentally sound buildings.

Tony brings his passion to see the project vision met. He has worked with DSA on past projects permitting - he brings a hands on approach to the project from inception through construction. He has worked extensively in the construction of schools to assure project is completed as designed, on time and on budget. Tony is well versed in BIM. Tony is a strong believer in 21st Century learning and boundary-less education and works with clients to provide these goals. Tony believes in the use of the "building as learning tool" and not just a box to house students.

Several of his schools have won awards and industry recognition for design, materials, and lighting.
