Rahel Zewdu is a Project Manager at Berliner Architects with twelve years of experience in architectural design and project management.

As Project Manager, Rahel will coordinate the design team's efforts for the client from proposal and budget through all phases of the completed project. She also facilitates client and consultant communication and ensures implementation of the design intent.

Rahel previously managed the LA Pierce College North of Mall project, the renovation of 11 buildings and site work, and is currently managing our work with the Bright Star network of charter schools.

Rahel is a LEED (Leadership in Energy and Environmental Design) Accredited Professional.

EDUCATION

Bachelor of Architecture
California Polytechnic University, 2000
